LeetCode

Education

Ramgarh Engineering College

B.Tech in Computer Science and Engineering (Lateral Entry) - **CGPA - 8.09**

2020 – 2024

Ramgarh, Jharkhand

Government Polytechnic Nirsa, Dhanbad

Diploma in Civil Engineering - **Percentage - 80.81**

2018 – 2021

Nirsa, Jharkhand

Leela Janki Public School, Bokaro

Matriculation (CBSE Board) - **Percentage - 81.60**

2018

Bokaro, Jharkhand

Experience/Internship

JSpider BTM, Bengaluru

February 2025 – Ongoing

Java Full Stack with ReactJS

- Gaining hands-on experience in Java Full Stack Development with ReactJS.
- Working with HTML, CSS, Bootstrap, JavaScript, ReactJS, Spring, Hibernate, Oracle, and MySQL.
- Building scalable web applications and backend systems while following industry best practices.

The Sparks Foundation

June 2023 – July 2023

Web Development and Designing Intern

- Developed and designed frontend web applications using HTML, CSS, and JavaScript.
- Assisted in bug fixing, issue resolution, and feature implementation to enhance project functionality.
- Regularly submitted work tasks and contributed to the progress of assigned projects.

Projects

Portfolio App (Frontend) | ReactJS

[Live](#) [GitHub](#)

- Developed a personal portfolio web app using React.js to showcase projects, skills, and resume.
- Designed a responsive and animated UI, ensuring a visually appealing and seamless user experience.
- Showcased multiple live projects within the portfolio for easy access.

Weather App (Frontend) | HTML, CSS, JavaScript

[Live](#) [GitHub](#)

- Developed a real-time weather web application that fetches and displays weather data for user-specified locations.
- Integrated a free weather API to retrieve and display weather details in a user-friendly format.
- Users can search by city name to view up-to-date weather conditions instantly.

Face Recognition Automatic Attendance System (Final Year Project) | Machine Learning

[GitHub](#)

- Developed a face recognition-based automatic attendance system using Python, OpenCV, Tkinter GUI, and MySQL.
- Implemented real-time face detection and recognition with Haar Cascade and LBPH algorithms for accurate student identification.
- Features include student management (CRUD operations), photo sample training, automated attendance tracking with face detection, and Excel-based attendance reports.

Technical Skills

- Programming:** Java, C++
- Java OOPs Concepts**
- Web Technologies:** HTML, CSS, JavaScript, Tailwind CSS, ReactJS
- Database Technologies:** Oracle SQL*Plus, MySQL
- Version Control:** Git, GitHub
- Operating Systems:** Windows
- Developer Tools:** Visual Studio Code, Eclipse

Certifications

- Web Development and Designing** - The Sparks Foundation (July 2023)
- Core Java** - Internshala (July 2022)
